Scallion pact with Genovate

CHENNAI: The Singapore-based Genovate Solutions has entered into an agreement with Scallion Technologies, Chennai, for software development and training.

Mr Anton Ravindran, CEO, Genovate, said that the partnership would help provide clients in India, Genovate's expertise in turn-key projects, customised software, e-services, training and IT consulting services.

Scallion will also offer Genovate's IT training in Java, CRM, XML, SCM and wireless technology courses. Also on offer will be e-commerce training and certifications from CIW of the US and ASP Linux, both Genovate's principals.
